

Latin American Private Capital Industry Trends

Emanuel Hernandez, Research Director
October 2025

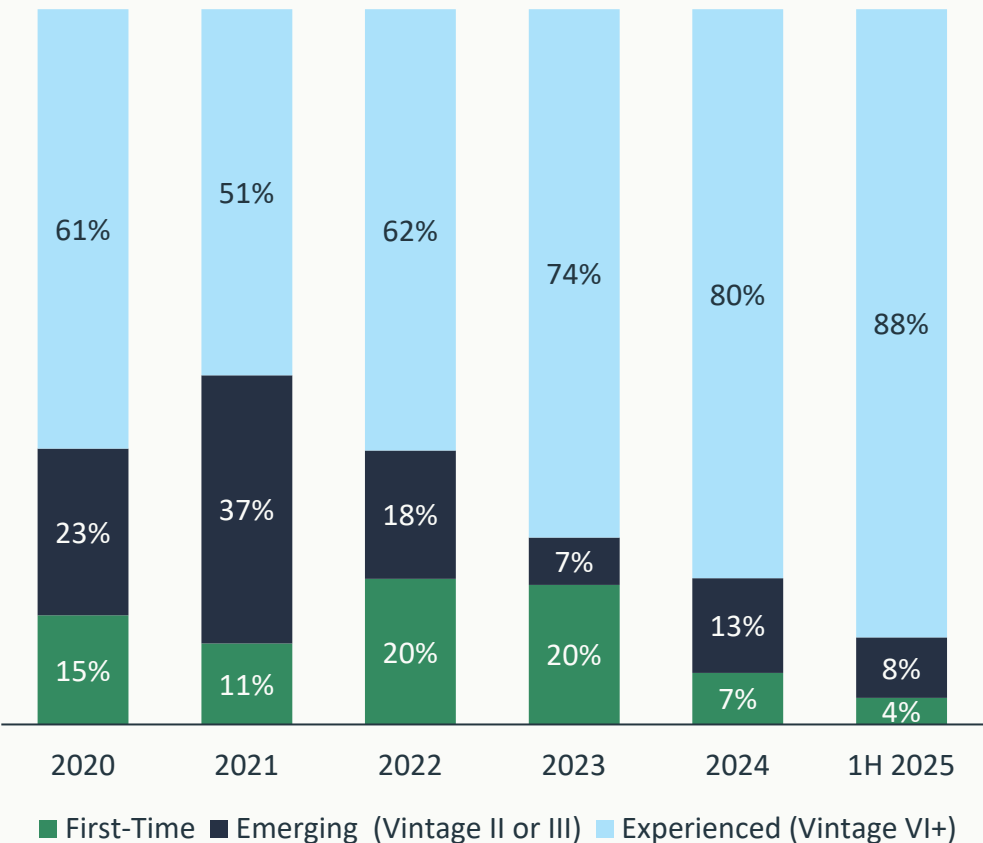

Shifting allocation priorities: LPs in Latin America are moving beyond PE, while also concentrating commitments with experienced managers

Private Capital Fundraising for Latin America (USD\$b), 2006-1H 2025

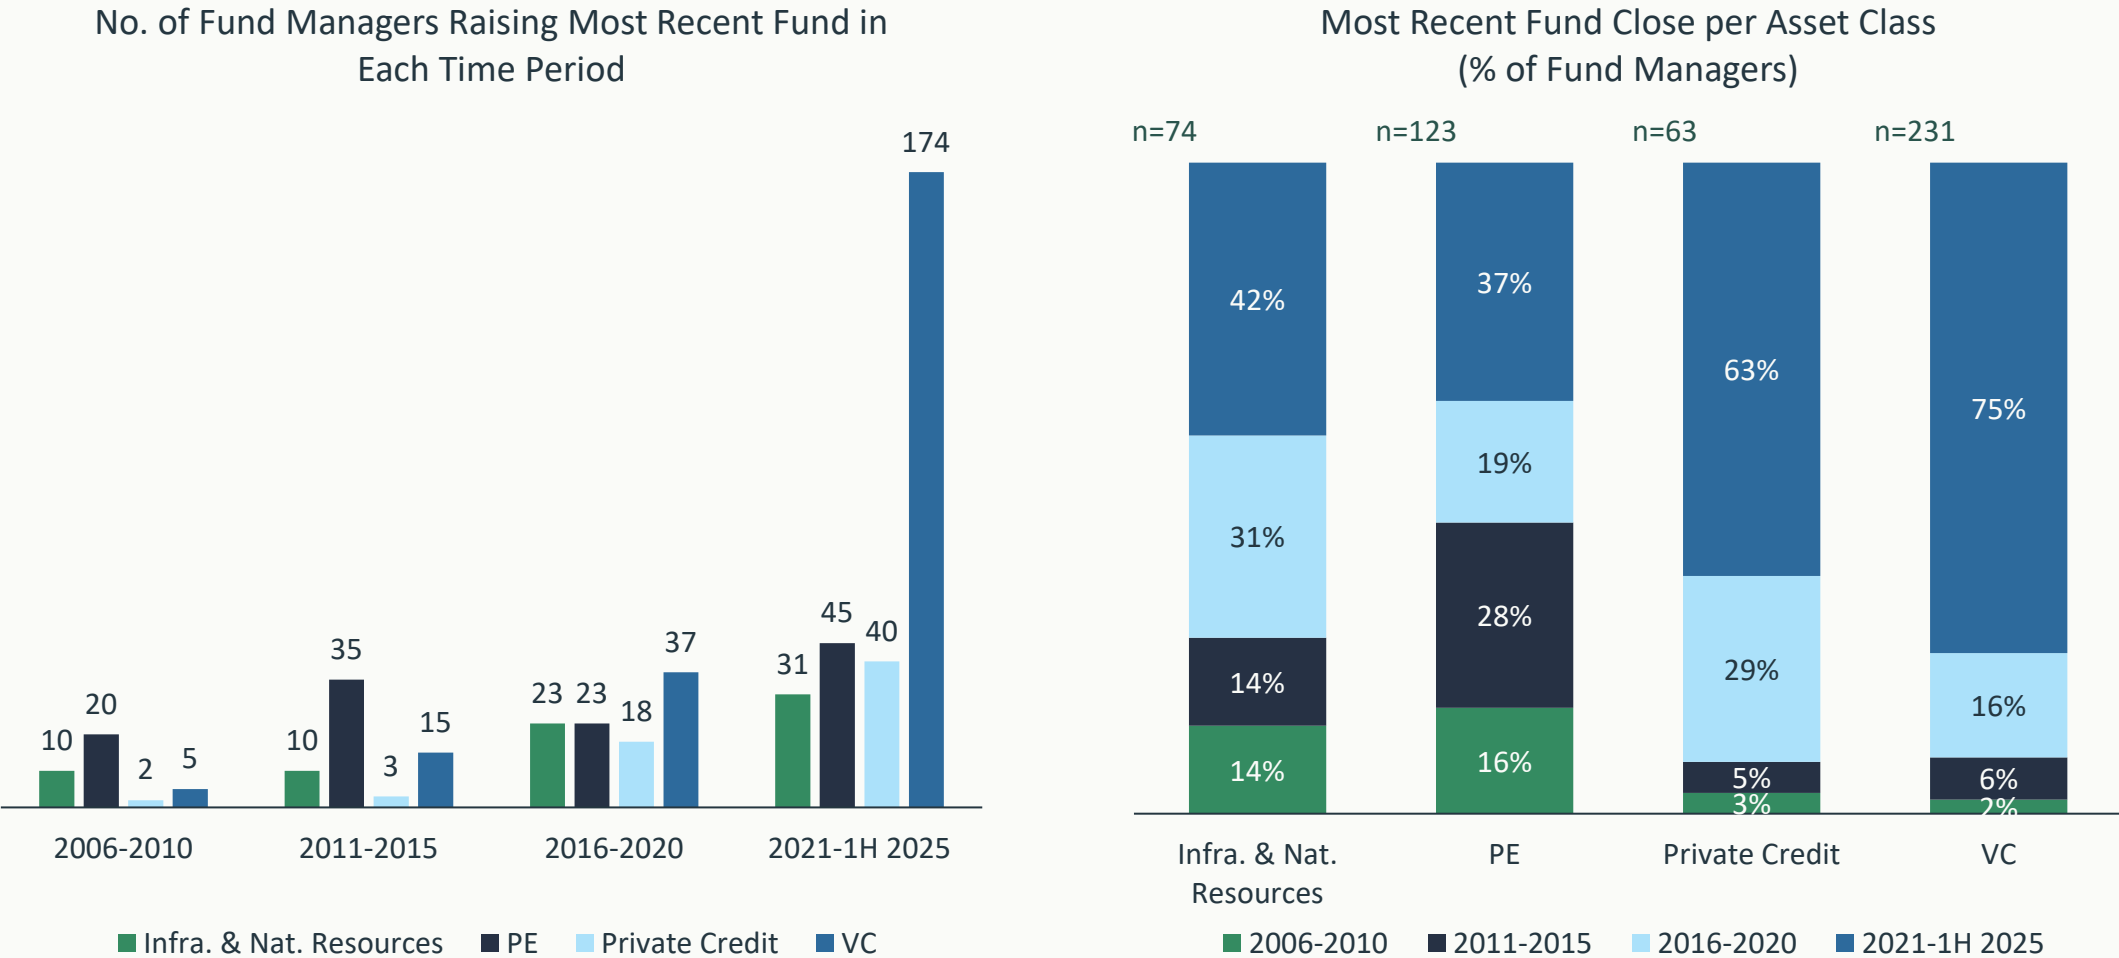

Fundraising for Latin America by Fund Manager Experience (% of Capital Raised), 2020-1H 2025

Source: LAVCA. Data as of 30 June 2025.

PE consolidation & VC/credit emergence: The majority of VC and private credit fund managers most recently raised funds in the last five years, compared to 37% of PE fund managers

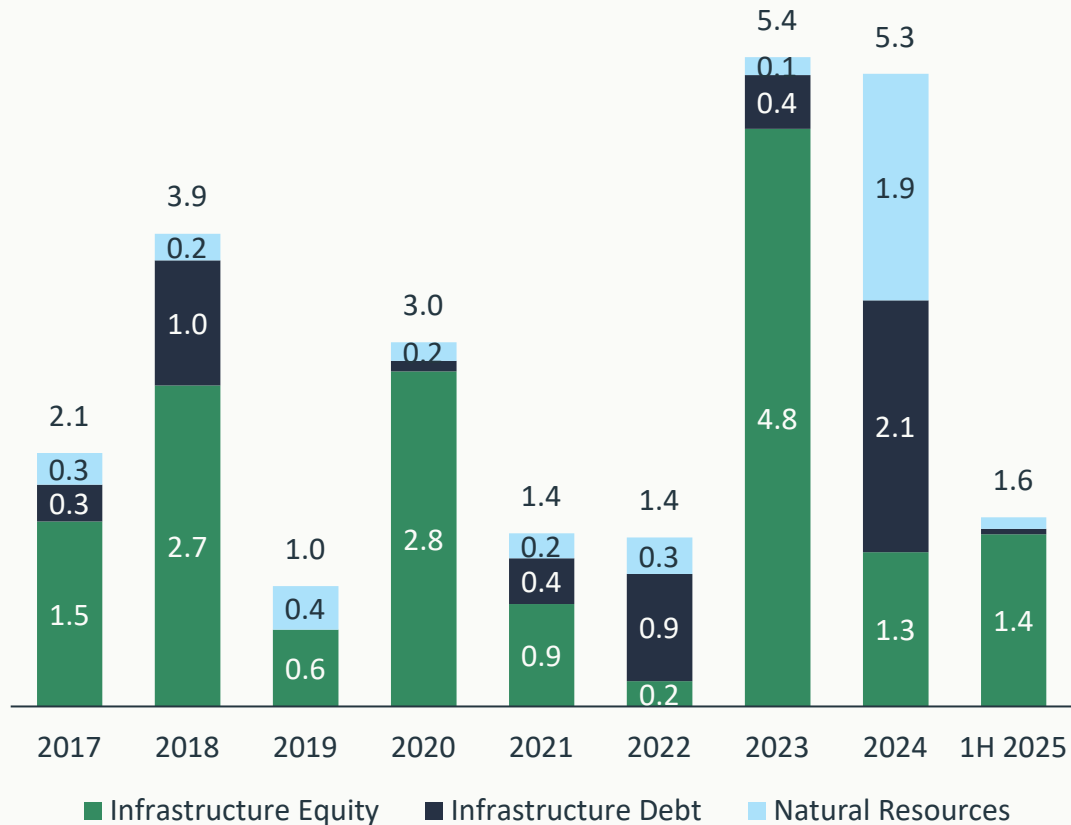

Source: LAVCA. Data as of 30 June 2025.

Fundraising shifts: LPs demonstrate growing appetite for real assets, with forestry and infrastructure debt taking root in institutional portfolios
